01 — ABOUT & MUSIC

Dawn Noir

Dawn Noir is an alt-rock band creating energetic and diverse music with sensibility.

Dawn Noir began when **João** and **Eetu**, both passionate about music, decided to collaborate. After months of songwriting, **Antti** joined with his energetic drumming and **Lennu** added depth on bass, shaping the band's unique alt-rock sound.

The debut EP **Was There a Better Way** was released on all streaming platforms in February 2024. **Lost in Future Past** followed in 2025.

Heading into the studio at the end of 2026 to record their first full-length album, Dawn Noir shifts into the next gear — at times the pace is lifted to almost illegal levels — without forgetting the diversity and sensibility of the earlier releases: a unique blend of alt-rock.
